Chorus:
Is you rollin?? Yea I roll kush daily, fuck you pay me, fuck you fuck you,
Fuck the CEO, fuck the artist and the goons too
Smell like pussy over there, nigga fuck youVerse 1:
Money keep coming in so I ain?t even worried
I?m richer than your daddy baby I ain?t even thirty
A nigga made a diss song and I ain?t even heard it
Never mention homey name cuz he ain?t worth it
Thought about a charm cuz I felt like splurging
Showed my jeweler love then he made the chain perfect
Man, I?m one take perfect, VVS diamonds chains, don?t they look pretty
And I don?t leave with the ones, nigga thats petty
This pretty red girl said ?Fuck it I?m quitting?
Dance till your white big toe start splitting
I?m hood rich, stupid rich, and I ain?t bullshitting
A thousand carats on baby I ain?t bullshitting
Eight grand gone I ain?t been ten minutes
Baby gimme two minutes, twenty more coming
Later do eighty-four hundred I?m throwing
Duty truck, Hummer truck, my truck game stupid
Just like Lo I pull up in something foolish
Red diamond chain but it sure ain?t cupid
I came along way from that ?84 Buick.
