

At the Cross

[Kutless](#)

Into the darkness came the Light
Oh the Savior lifted high
Through a perfect Sacrifice
My soul has been redeemed Reaching out Your arms to save
You alone have made a way
My sin has been erased
Forever I will sing At the cross I am found, I am free
Oh the love You poured out over me
Here I am, may I ever be
At the cross, cuz it's enough for me
I don't need another sign
A miracle before my eyes
To believe Your love is mine
Your promise is complete Jesus You have set me free
Every chain has been released
You are my victory
This truth will never change
At the cross I am found, I am free
Oh the love You poured out over me
Here I have all I ever need
Oh the cross, it's enough for me What You've done, it's enough, all I need
Here I stand, lifted hands, I believe
