

Dan Dare (Pilot of the Future)

Elton John

Can you tell me how old Dan might have done it
If he'd been here now? Holy cow
My stars might have been read on the planet Mars 'Cause I don't have foresight to see
If we still be together in the twenty first
In the twenty first century [Incomprehensible] He's our flyin' ace, pilot of the future
In an endless space, holy cow
My eyes never saw a rocket that was quite that size 'Cause I don't have the energy
To be cat and mouse for the champions
For the champions of destiny, oh no So long Captain Dan
I fail to see what motivates your hands
Goodbye restless night You know I loved Dan Dare
But I couldn't make his flight
So long, so long, yeah Dan Dare doesn't know it
He doesn't know it, he doesn't know it
But I liked the Mekon So long Captain Dan
I fail to see what motivates your hands
Goodbye restless night You know I loved Dan Dare
But I couldn't make his flight
So long, so long Dan Dare doesn't know it
He doesn't know it, he doesn't know it
But I liked the Mekon Dan Dare doesn't know it
He doesn't know it, he doesn't know it
But I liked the Mekon Dan Dare doesn't know it
Doesn't know it, doesn't know it
But I liked the Mekon Dan Dare doesn't know it
No, he doesn't know it, no, he doesn't know it
No, he doesn't know it, but I liked the Mekon Dan Dare doesn't know it
No, he doesn't know it, no, he doesn't know it
No, he doesn't know it Dan Dare doesn't know it
No, he doesn't know it, no, he doesn't know it
No, he doesn't know it
