

# Extreme to the Core

## Kataklysm

Millions have died  
In the hand fire  
And many more will,  
Battle for a better economy  
WAR !  
Children are slaughterd  
Country's in chaos  
Invading the land  
Power at hand  
Under command  
Kill to survive  
The innocent die  
We love this game  
That's Why our families  
Are destroyed...  
Extreme to the core
