

# House of Shame

Bee Gees

First you say you needed me  
Then you give me sympathy  
They say good girls never win  
Something good in giving in How do I get through to you?  
You must be made of stone Just when I was safe and sound  
Love, you built a wall around  
You take a hard line attitude  
Time to send me back to school Or take me, take me to your House of shame  
Easy on your body when you got no name  
Hold me like you know me, I'm a falling star  
Catch me if you can, show me the way inside You can knock on any door  
I know what I'm looking for  
It's a red light, hit and run  
Time to turn the engines on Pretty girl lives all alone  
I must be going home Hot as hell and cold as ice  
Everything I sacrifice  
I got to pick up on what you do  
I just can't get over you You take me, take me to your House of shame  
Easy on your body when you got no name  
Hold me like you know me, I'm a falling star  
Catch me if you can, show me the way inside Tell me what you really want from life  
Loving you, darling, you got me infatuated  
Good love is not for sale, I nearly gave myself away Pretty girl lives all alone  
Take me to your, take me to your House of shame  
Easy on your body when you got no name  
Hold me like you know me, I'm a falling star  
Catch me if you can, show me the way inside House of shame  
Easy on your body when you got no name  
Hold me like you know me, I'm a falling star  
Catch me if you can, show me the way inside House of shame  
Easy on your body when you got no name  
Hold me like you know me, I'm a falling star  
Catch me if you can, show me the way inside House of shame  
Easy on your body when you got no name  
Hold me like you know me, I'm a falling star  
Catch me if you can, show me the way inside
