The Spirits Merchant

Lilys

eyes decide what my will filter [eyes decide what you will filter]
get it in, get it out
the no life of the builder
eyes decide what my will filter [eyes decide what you will filter]
it ainâ€™t your astrology [it ainâ€™t your astrology]
canâ€™t blame the economy [canâ€™t blame the economy]

in your stomach man
the more you do the more youâ€™ll understand
when Iâ€™m makinâ€™ you, youâ€™re makinâ€™ me [Iâ€™ll fly around]
if Iâ€™m makinâ€™ you, youâ€™re makinâ€™ me [Iâ€™ll fly along]

but you canâ€™t come here to talk
people often do
compare the size and shape of things
compare what could be true
and so about the ocean
and so about that blue
once within is now without
thought once I knew

you canâ€™t come here to talk
but people often do
compare the size and shape of things
compare what could be true
and so about the ocean
and so about that blue
once within is now without
thought once I knew
I knew

eyes decide what my will filter [eyes decide what you will filter]
get it in, get it out
the no life of the builder
eyes decide what my will filter [eyes decide what you will filter]
it ainâ€™t your astrology [it ainâ€™t your astrology]
canâ€™t blame the economy [canâ€™t blame the economy]

in your stomach man
the more you do the more youâ€™ll understand

when Iâ€™m makinâ€™ you, youâ€™re makinâ€™ me[Iâ€™ll fly around]
if Iâ€™m makinâ€™ you, youâ€™re makinâ€™ me [Iâ€™ll fly along]

but you canâ€™t come here to talk
but people often do
compare the size and shape of things
compare what could be true
and so about the ocean
and so about that blue
once within is now without
thought once I knew

you canâ€™t come here to talk
people often do
compare the size and shape of things
compare what could be true
and so about that ocean
and so about that blue [â€¦nothingâ€™s true]
once within is now without
thought once I knew
I knew

eyes decide what my will filter
get it in, get it out
the no life of the builder
eyes decide what my will filter
get it in, get it out
the no life of the builder
it ainâ€™t my astrology [your astrology]
canâ€™t blame the economy

in your stomach man
the more you do the more youâ€™ll understand
when Iâ€™m makinâ€™ you, youâ€™re makinâ€™ me[Iâ€™ll fly around]
if Iâ€™m makinâ€™ you, youâ€™re makinâ€™ me [Iâ€™ll fly along]
