Love Me Back

Jacob Sartorius

Picture this, you and I
With no one else around us
What if we, we were more than friends
Pretty eyes, so beautiful
When you're looking at me
I wanna tell, tell you everythingAnd what if I say
That I want you like that, there's no taking it back, I know
And what if I wait?
I might never get another chanceI'm just gonna throw this out
I kinda wanna know right now
If you ever think about
About me when I'm not around
I think I feel it in my body, body
Whenever you're close to me
I kinda wanna know right now
And if I said I liked you, would you love me back, though?If I said I I liked you, would you love me back, though?
Would you love me back though?It's hard to breathe, you're hard to read
I don't notice feeling
Could it be it's all in my head?And what if I say
That I want you like that, there's no taking it back, I know
(Uh-uh)
And what if I wait?
I might never get another chanceI'm just gonna throw this out
I kinda wanna know right now
If you ever think about
About me when I'm not around
I think I feel it in my body, body
Whenever you're close to me
I kinda wanna know right now
And if I said I liked you, would you love me back, though?If I said I liked you, would you love me back, though?
Would you love me back, though?
If I said I liked you, would you love me back, though?
Would you love me back, though?I know I like you, and we can call this history
So if you liked me too, would you still keep it a mystery?
I know we ain't the closest, maybe that could change
I only think about you every single day
And all I ever wanted was for you to feel the same way

You and I, chilling on a Friday
'Ey, and don't even ever forget, though
You know, I'm tryna' be out of the friendzoneI'm just gonna throw this out
I kinda wanna know right now
If you ever think about
(And if I said I liked you, would you love me back, though?)(Yeah, wassup?)
If I said I liked you, would you love me back, though?
(Just let me know)
Would you love me back, though?
(Yeah, you gotta stop playing these games, for real)
If I said I liked you, would you love me back, though?
Would you love me back, though?
