

King of Diamonds

Motopony

I've been looking for the king of diamonds
But I guess the queen will do
I've been looking for the king of diamonds
Till the dealer gave me you

You've got everything together
You've got everything I want
You've got sharp & sparkling pleasure
Even from the middle of your card

I've been looking for the king of diamonds
You know I've got the other three
Spades and clubs they just ain't shining
And my heart knows nothing's free

You've got everything I needed
That's why I'm loving you so much
I damn near just up and cheated
Till I felt your woman's touch

I've been looking for the king of diamonds
But the queen will work just fine
I've been looking for the king of diamonds
Till the dealer made you mine
