

I Am

Static-X

I've been taking abuse
And it's senseless
Fist into the wall
And it's painless
I've been living the lie
That I made me
Live it Screaming into the mic
And I like it
Play it all over the air
In thick slices
Soak it all up in your head
With the anger
Like it Older
Elder
I Am
(Grind on it)
Deeper
Bleaker

I Am Brush the surface off and grind on it Put a gun in my mouth
And threaten to shoot Justice died here
