

Stacey Adams (feat. KoKane)

Snoop Dogg

Yeah, a little somethin' for all the O.G.s out there
That put the foundation together, I was doin' this thang
Before I knew what to do with this thang right here, ya know
But just to let them know what time it is And how we get down
Me, Kokane and Battlecat
Gone let y'all know how we do this thang here
Check this out y'll We stay on point like Stacey Adams
24 hours a day, 7 days a week, can ya dig it?
That's real talk baby, you know what?
We stay on point like Stacey Adams
That's real talk right there baby, Stacey Adams I'm in a 3 piece suit, lookin' too cute
Mashin' flashin', lookin' for a prostitute
Boo boo, you got that loot
I'm watchin' you, you watchin' me It's all to the gravy 'cuz it's V.I.P
And everythang in here movin' belong to me
That component set was given to me
By a pimp buddy of mine Disco D. He told me, Frisco E., this here gone be
The baddest pimp nigga that you ever gone see
Colder than Fillmore Slim, tilt that brim
Snoop Dogg gone sell that trick Keep it crackin' like pistachios
Get that money and continue to mash these hoes
And when the Player's Ball roll around again
I'm guaranteed to win, you know why? 'Cuz we We stay on point like Stacey Adams
24 hours a day, 7 days a week, yea, yea
You know why?
We stay on point like Stacey Adams
You know that's all we know how to do, Stacey Adams
Gee'd up to the feet up Not only that but uhh, make it spectacular
Put on my black cape and look like Blackula
Smack ya up with the shit that I drop
911, call the cops, there's a bitch, snitch Ain't that a bitch, I can't trust nobody in this son of a bitch
I get rich on the fakers who hate
Bakin' my cake and catch the Lakers at 8
On Channel 9, pop a bottle of wine Then at 10 hit the club with my nephew Dub
11:30, talkin' dirty to this little birdy
I'm tryin' to get mine early
I can't be seen with your girly Continue to mash these hoes
I keep it crackin' like pistachios
I get the money first with no rehearsal

Snoop D-O double G, still controversial, and ahh We stay on point like Stacey Adams
24 hours a day, 7 days a week, feel me
You know why?
We stay on point like Stacey Adams
That's all we know how to do, Stacey Adams
Gee'd up to the feet up We stay on point like Stacey Adams
You know, we stay on point like Stacey Adams, Stacey Adams
You know, we stay on point like Stacey Adams
We stay on point like Stacey Adams, Stacey Adams
You know, we stay on point like Stacey Adams
You know, we stay on point like Stacey Adams, Stacey Adams
