

# Supastar

## Blazin' Squad

[Kenzie]

Supastar, supastar, supastar,  
supastar, lets blaze it.  
You're my Supastar, Im you're  
number one fan by far, rollin  
in my blacked out car, tinted  
windows dropped made eye  
contact, as a matter of fact,  
I see you're body and it made  
an impact on mine, come  
ride with me, its 6 o'clock,  
come chill on the block,  
we'll go cruising, find a place  
to stop, I think about you  
non-stop, so i'm taking this  
time just to be with you.[Flava]  
6 o'clock I never stop until  
I find what i want, I find what  
I want a fly chick what i want,  
I rock drive through the block,  
it does'nt take long cause  
I'm right in the spto, I've never  
seen a girl like this but she's  
hot, tanned skin long legs  
right on top, now I'm  
with a chick in the whip and  
says stop, come on lets go  
straight to the club.[Melo-D]  
Come on girl let me be your  
Supastar, we can ride all day,  
roof down in the car, then  
stop off get a cold drink at a  
bar, coz you look so fine and  
you shine like a star, you had  
a short white skirt and your  
top cut low, smooth skin and  
the wind would make your  
hair blow, girl your flow was  
so tight I just could'nt say no,

I said jump in the ride buckle  
up and lets go.[Chorus]  
Supastar, face from a movie  
screen, supastar, like the  
cover of a magazine, no  
matter what you do, you'll  
always be my supastar,  
supastar, I'm your number  
one fan by far, supastar.[Krazy]

You know girl you're my  
supastar, and I'm your number  
one fan by far, you remind me  
of a face from a movie screen,  
I think I've seen you on the  
cover of a magazine, wait,  
hold up, was that all a dream,  
no that's the film that I've  
seen, I wanna touch I wanna  
tease I wanna hold I wanna  
please ya, and I really wanna  
see you again.[Strider]

You're my supastar girl I see  
your name in lights, me and  
you will reach amazing  
heights, you're on the front  
cover of a new magazine,  
then I see your face on a  
movie screen, I like everything  
about ya, your body your  
eyes, girl you're more  
precious than a golden prize,  
everytime I see ya I'm  
hypnotised, I'm your number  
one fan you best realise.[Rocky B]

Jammin in a whip about  
midday, in need of a chick  
coz i just got played, then  
I clocked dis chick walking  
straight my way, a supastar  
chick just like Beyonce,  
she was carrying Gucci and  
Prada bags, so then i thought  
to myself let me help her out,  
pulled over do you want a  
ride, the answer was yes

how could she deny.[Repeat Chorus][Krazy]  
Mon cherie, don't you worry  
about a thing, whether you  
fail or succeed, I want you to  
know, you'll always be my.[Repeat Chorus x2]
