

# Your God

## Rudy Francisco

Reveal to me this ugly thing,  
I'm rusted metal by your head  
It's gotten out of hand again,  
    Nobody sees it, but I can  
You thought of everything, I bet,  
But did you think that I might die?  
    I haven't really smiled in  
I don't know know how long, you know  
    Something's gonna give again,  
    Something's gonna give again

I tried to fight, but did you listen?  
Even after you're gone, man, I'm finished  
    I could never be you god,  
But then I don't even think I want the job anymore

Say something, anything to me,  
I do believe, but I have doubts  
    So many reasons to hold on,  
    Conflicting interest isn't it  
I guess I'm better off in the end,  
Cause you were always there to blame  
    I haven't felt so bad in  
I don't know how long, you know  
    I can't get away again,  
    I can't get away again

I tried to fight, but did you listen?  
Even after you're gone, man, I' finished  
    I could never be your god,  
But then I don't even think I want the job, you see  
    I tried to fight, but did you listen?  
    Even after you're gone, man, I' finished  
    I could never be your god,  
But then I don't even think I want the job anymore

What am I supposed to do now?  
How am I supposed to live now?  
    All I ever did was try,  
    But the story ends,

So I guess I'll have to die  
Where am I supposed to go now?

Go ahead and go away

What am I supposed to do now?  
How am I supposed to live now?  
All I ever did was try,  
But the story ends,  
So I guess I'll have to die  
What am I supposed to do now?  
How am I supposed to live now?  
What am I supposed to do now?  
How am I supposed to live now?

How am I supposed to live
