

# Haterade (feat. Nicki Minaj and Pharrell)

## Gucci Mane

Uh, yo, yo, ay, yo  
This one goes out to all, uh, my critics  
Don't you feel stupid? Look how I did it  
Look how it came to pass when I said it  
We could do debit I don't need no credit Yes, I'm epic look how I rep it  
It's been 8 years but I broke the record  
Yup the record, yup the record  
Yup the record, just for the record Uh, I'm all that I can be  
And element I'm appalled that you envy  
'Cause you could do it too  
And you could do it too I just happened to be the girl that they threw it to  
So I'mma bounce back and I'mma ball out  
And every time you see me, I'mma go all out  
And I'mma win till it endin', don't be mad  
When you see me transendin' Gucc
