

Secrets

Grinspoon

such a pity
u left today
from the city
of broken waves
all though u promised
i've been betrayed
4 some secret
that u needed
4 some secret
she's the girl that u never liked anyway

kill the city
in waterways
in the shitty
brown golden waves
although u promised
i feel betrayed
4 some secret
that u needed
4 some secret
she's the girl that u never liked anyway
