

# Number One (n-dubz Remix)

## N-dubz

Ah uh uh oh

Ah uh uh oh

Ah uh uh oh

Ah uh uh oh (na na naii)

Ah uh uh oh

Ah uh uh oh (Tinchy Stryder)

Ah uh uh oh (N dubz)

Ah uh uh oh (yo)

It was nothing but a quick think

Kids games, kiss chase, just a quick fling

Now I'm hoping you never go missing

Now I'm telling you, you can hold this ring, watch how it glistens

It was done as quick as the wind blows

Didn't think I would ever be involved

So I even wrote a song called 'don't go'

Now it's just you and me on a love row

Dappy like dino us two tip toes duck dive get low

And now I care less about who knows

Now we're deep in way past intro dappy explain yo

[Hook:] See never did I think a boy like me would be in need

When all I really wanted was to have some fun

Now I'm losing my head, I'm telling you one thing

You're number one

[Chorus:] See I don't understand how you're number one

When it was just a fling before now, you're the one

See all I did was blink twice,

From my homie to my only

Number one

Ah uh uh oh

Ah uh uh oh

Ah uh uh oh

Ah uh uh oh

I never thought I'd get here

Never thought I would care

Cause I was always looking out for me

I was being selfish, I couldn't see

All I want was right in front of me

But baby I've changed

Cause you got me tamed

You're my number one now priority

[Hook:] See never did I think a boy like me would be in need  
When all I really wanted was to have some fun  
Now I'm losing my head, I'm telling you one thing  
You're number one

[Chorus:] See I don't understand how you're number one  
When it was just a fling before now, you're the one  
See all I did was blink twice,  
From my homie to my only  
Number one  
You lift me off the ground  
I always want you around  
I ain't gonna let nothing get in the way  
I'll never let nothing get in the way  
You lift me off the ground  
I always want you around  
I ain't gonna let nothing get in the way  
I'll never let nothing get in the way  
Trust me when I say  
I ain't never gonna let nothing get in the way  
Cause we was always cool as freinds back in  
The day  
It's funny how you changed it's got me going  
Insane

See you ain't like the rest you run in your own lane  
You are number one

[Chorus:] See I don't understand how you're number one  
When it was just a fling before now, you're the one  
See all I did was blink twice,  
From my homie to my only  
Number one  
You're number one you're in the race  
You're a leader  
Girl you're out of this world I can't see ya  
And now you got a place in my heart  
It's funny how you actually went  
From my homie to my only  
Number one
