Slow

Ignite

i thought...
there was a bond
i sure learned i couldn't have
been more wrong
you're looking out for number one
now you're not the only onethere's direction (slow)
there's no objective (slow)
take it slowi thought...
that blood was thick
i sure got a better look standing in it
you sure hit hard
next time i'll be on my guardthere's direction (slow)
there's no objective (slow)
take it slow
slowthere's affection (slow)
there's no protection (slow)
take it slownothing's... sacred
