New Song

Kim Deal

My heart it is eternal and my soul it often flies
You can see it in the evenings soaring through the skies
And it takes me close to madness, though it never really tries
I've crossed a million rivers and I've walked a million miles
I've kissed a holy angel and I've tried to show some style
I never even questioned how I know it's all worthwhile
But I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
I will fall
My legs they get so tired and my head it often screams
You can hear the thoughts all turning, overload of fears and dreams
I don't mind the sting of feeling but it burns when I'm empty
I'll ride the road I've chosen and at times I know I'll fall
I have nothing to lose now so I want to taste it all
Wintertime in Glendale 'til the next location calls
But I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
I will fall
I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
I will fall
I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
I will fall
Well, there's no one left but you now, babe
Got to say that it's your call
I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
And I'm gonna make it through and I'm gonna do it all
I will fall
