En Garde (Remastered)

Project Pitchfork

You suck me in
You spit me out
You say you love me
I have my doubtsYou think I'll do everything for you
But I'm fed up now
And we are throughI don't wanna take it anymore
I'm gonna fight back
That's for sureCome back to me
I love you still
Come back to me
Resist his willCome back to me
I kissed your wing
You sweet everythingCome back to me
I love you still
Come back to me
Resist his willCome back to me
I kissed your wing
You sweet everythingResist his might
We simply have to fight
Resist his might
We simply have to fightResist his might
We simply have to fight
Resist his might
We simply have to fightHe's peeling me out
Of my shell
Now I know his world is hellHe's gone too far
We reached the end
And all what's left
Is love pretend?Come back to me
I love you still
Come back to me
Resist his willCome back to me
I kissed your wing
You sweet everythingCome back to me
I love you still
Come back to me
Resist his willCome back to me
I kissed your wing
You sweet everythingResist his might

We simply have to fight
Resist his might
We simply have to fightResist his might
We simply have to fight
Resist his might
We simply have to fightWe simply have to fight
We simply have to fight
