Pigs for Swine

Backyard Babies

Sit back and put your
Toys aside for a while
It ain't war if that's what you like
Somebody said I'm in for the fight
It ain't mine if that's alrightAin't trading pigs for swine x2
All the suits they stand in line
But all they do is fantasize
Sicker than the first
Got no hunger and no thirst
It's not workin'
It ain't working
Thick it's gonna burst medication
Is the curse
It's not workingLookout, you're looking
Like the black in the dark
It ain't bright to live on the lie
Somebody said I'm losing my spark
It ain't so, but that's alrightAin't trading pigs for swine
Ain't trading pigs for swine
All the suits they stand in line
But all they do is fantasize
Sicker than the first
Got no hunger and no thirst
It's not workin'
It ain't working
Thick it's gonna burst medication
Is the curse
It's not workingOnly the pigs of the irony
Stealing swines from the enemy
Only the pigs
Only the pigsAll the suits they stand in line
But all they do is fantasizeSicker than the first
Got no hunger and no thirst
It's not workin'
It ain't working
Thick it's gonna burst medication
Is the curse
It's not working
It's not working

It ain't working
It's not working
It ain't working
