

# Sooner or Later

[Nudeswirl](#)

sooner or later

You taught me jams then you walked  
you taught me my second song  
followed me boy then came back down  
if you lack the sound you lack the groove  
sooner or later youll come, come on around sooner or later youll come

hands off sandman whats your proof hidin stealin whats your move  
power steering over ride if you lack the sound you lack the groove  
sooner or later youll come come on around sooner or later youll come

find a seat and come on down fire child free love come on too  
fire child scream out cry your tune if you lack the sound you lack the groove  
sooner or later youll come, come on around sooner or later youll come
