

Always Run To You

Bon Jovi

The clock strikes ten
Out on the streets again
I been looking for something
To please me since I don't know when
Out on the dark side of town
Another rumbles gone down
And life on the high side
Isn't what this boys about
She's got somethin' I want man
It's somethin' I need
It takes more than the night
To satisfy me
I stand accused
I can always run to you
Any road that you choose
I can always run to you
I stand accused
I can always run to you
I run to you
Baby, I can always run
To a heart of chrome
And a soul of steel
We've done more white lines
Than you'll know any one we could steal
And when I give her the gun
You know she feels so right
And we don't let go when we're all alone

And I'm holdin' her so tight
She's got somethin' I want man
It's somethin' I need
It takes more than the night
To satisfy me
I stand accused
I can always run to you
Any road that you choose
I can always run to you
I stand accused
I can always run to you

I run to you
Baby, I can always run
And when the morning comes
And I go to sleep
When I close my eyes she's waitin' for me
I know that tonight she'll satisfy me
I stand accused
I can always run to you
Any road that you choose
I can always run to you
I stand accused
I can always run to you
I run to you
I can always run to you
