Coma

Guns N' Roses

Hey, you caught me in a coma And I don't think I wanna Ever come back to this world again

Kinda like it in a coma

'Cause no one's ever gonnaOh, make me come back to this world again

Now I feel as if I'm floating away

I can't feel all the pressure, and I like it this way

But my body's callin', my body's callin'

Won't ya come back to this world again? Suspended deep in a sea of black

I've got the light at the end

I've got the bones on the mast

Well, I've gone sailin', I've gone sailin'I could leave so easily

While friends are callin' back to me

I said they're, they're leavin' it all up to me

When all I needed was clarityAnd someone to tell me

What the fuck is going on, goddamn itSlippin' farther an' farther away

It's a miracle, how long we can stay?

In a world our minds created

In a world that's full of shitHelp me, help me

Help me, help me bastardPlease understand me

I'm climbin' through the wreckage

Of all my twisted dreams

But this cheap investigation

Just can't stifle all my screamsAnd I'm waitin' at the crossroads, waiting for you

Waiting for you, where are you? No one's gonna bother me anymore

No one's gonna mess with my head no more

I can't understand what all the fightin's for

But it's so nice here, down off the shoreI wish you could see this,

'Cause there's nothing to see

It's peaceful here, and it's fine with me

Not like the world where I used to live

I never really wanted to liveZap him again, zap the son of a bitch againLive your life like it's a coma

Won't you tell me why we'd wanna?

With all the reasons you give it's

It's kinda hard to believeBut who am I to tell you, that I've seen

Any reason why you should stay?

Maybe we'd be better off without you, anywayYou got a one way ticket on your last chance ride

Gotta one way ticket to your suicide

Gotta one way ticket, and there's no way out aliveAn all this crass communication

That has left you in the cold Isn't much for consolation

When you feel so weak and oldBut is home is where the heart is

Then there's stories to be told

No, you don't need a doctor

No one else can heal your soulGot your mind in submission, got your life on the line But nobody pulled the trigger, they just stepped aside

They be down by the water

While you watch 'em waving goodbyeThey be callin' in the morning

They be hangin' on the phone

They be waiting for an answer

When you know nobody's home

When the bell's stopped ringing

It was nobody's fault, but your ownThere were always ample warnings

There were always subtle signs

And you would have seen it comin'

But we gave you too much timeWhen you said that no one's listening

Why'd your best friend drop a dime

Sometimes we get so tired of waiting

For a way to spend our timeAnd it's so easy to be social

It's so easy to be cool

Yeah, it's easy to be hungry

When you ain't got shit to loseAnd I wish that I could help you

With what you hope to find

But I'm still out here waiting

Watching reruns of my lifeWhen you reach the point of breaking

Know it's gonna take some time

To heal the broken memories

That another man would need just to survive
