

# 4422

## Drake

I'm runnin' but can't run away  
You say you changed but you never change up4422  
You build it up to break it halfway through  
Just make the call, 22  
But you're just the same as I ever knew  
4422  
You build it up to break it halfway through  
Just make the call, 22  
But you're just the same as I ever knew  
4422  
You build it up to break it halfway through  
Just make the call, 22  
But you're just the same as I ever knew  
4422  
You build it up to break it halfway through  
Just make the call, 22  
But you're just the same as I ever knew  
4422  
You build it up to break it halfway through  
Just make the call, 22  
But you're just the same as I ever knewI know I fear trust  
I know I fear fear too much  
On my plate, lookin' up  
Outer space, pearly gatesI'm runnin' but can't run away  
You say you changed but you never changed up
