

M.D. (feat. Ike Willis)

So Does Your Mother

M.D.

Hey Guys I like your music, I want you to play in my club. It's called the Danalger.

Oh yes Mr Manager
We're gonna play in your club!
We've waited a lot
to perform.

It's gonna be a great show
A lot of friends will come!
We are not going to
Disappoint you!

Good! Come to talk at the club the day before the show. Now I have to go, I've finished my cigars.

It's a great opportunity
that we can not waste!
We have to be
Prepared!

It's time to rehearse
we have a lot of work.
Let's start from the new song!
1 2 3 4

I have a dream for you guys! I want you to play your music for me!
I want you to play your music for free!

Oh please Mr Manager
let me play for you!
Oh please Mr Danalger
let me play for free!

I don't need to eat
I don't need to drink
I only need to play!
I'll be your servant,
Anyway!

I'm a Servant I'll play
Servant I'll play
Servant I'll play
Anal is the way
