

Blue Little Rose

Anything Box

(claude s.)Blue little rose

You are crying

I am trying

To let you know that I love you soSweet little rose

Let your petals sway

On your lonely days

In the wind of my heartI can help you see

What it's like to be

Taken from the garden

Where you grew up with meI can set you free

If you just run to me

All the thorns will go away

If you stay with meLittle rose...
