

# Closer You Are

## Guided By Voices

Chain smoke rings like a vapor snake kiss  
She says, she don't know why  
The closer you are, the quicker it hits you  
Closer you are, the quicker it hits you  
Now you can see the boys dreaming, scheming You play the heavy  
It's a real slick movie move  
Stoned at the Alamo tonight The closer you are, the quicker it hits you  
Try to be nice and look what it gets you  
Now you can see the boys dreaming, scheming I get up at seven o'clock  
And drive myself up to the 'Lookout Rock' The closer you are, the quicker it hits you  
The closer you are, the quicker it hits you  
Now you can see the boys dreaming, scheming The closer you are, the quicker it hits you  
The closer you are, the quicker it hits you
