

The One

Overkill

An all out panic, thrashing, splitting you in half
Mistook the sobbing for a laugh
Travel close concealed, I'll leave the door ajar
So, who has taken you this far?
You've been here before Call if you need, I'm right over here
With a finger on the trigger
And if you need me, fall and you'll bleed
As the demon appear
It's time to stand, deliver and if you know me I am your stand and deliver
I am your shot
(Golden gun)
I am you're voice in the sliver
(I am, I am, I am the one) I am your stand and deliver
I am your shot
(Golden gun)
(I am, I am, I am the one) Now, when you get inside be careful what you say
Don't be mistaken for the prey
Low to the ground is best, attend to the bizarre
So who has taken you this far, I've seen you before Call if you need, I'm right over here
With a finger on the trigger and if you need me
Fall and you'll bleed, as the demon appear
It's time to stand, deliver I am your stand and deliver
I am your shot
(Golden gun)
I am you're voice in the sliver
(I am, I am, I am the one) I am your stand and deliver
I am your shot
(Golden gun)
(I am, I am, I am the one)
