

The Perfect Drug

Fit for An Autopsy

I got my head but my head is unraveling
Can't keep control can't keep track of where it's traveling
I got my heart but my heart's no good
You're the only one that's understood

I come along but I don't know where you're taking me
I shouldn't go but you're wrenching, dragging, shaking me
Turn off the sun pull the stars from the sky
The more I give to you the more I die
And I want you!
And I want you!
And I want you!

You are the perfect drug

You are the perfect drug
(The perfect Drug)
(The perfect Drug)

You are the perfect drug
(The perfect Drug)
(The perfect Drug)

Ohhhhh!!!.

You make me hard when I'm all soft inside
I see the truth when I'm all stupid-eyed
The arrow goes straight through my heart
Without you everything just falls apart
My blood wants to say hello to you
My tears want to get destroy of you
My soul is so afraid to realize
How very little there is left of me
And I want you
And I want you!
And I want you!
And I Want you!

You are the perfect drug
(The perfect Drug)

(The perfect Drug)

(Take me with you)

Without you

Without you everything just falls apart

Without you

It's not as much fun to pick up the pieces
