

Crush (1980 Me)

Darren Hayes

Cyndi Lauper Jackson, Simon Le Bon
I put eurythmics on poppin' and lockin' in
The U.S.A. day glo sweater tied around my neck
Studded denim big hair acid wash
Rubik's cube my boom box
You know it's alright I promise you tonight
All you gotta do is choose life
Got a little crush I just can't get enough of that stuff
It's such a rush 1980 me
Got a little crush I just can't get enough of that stuff
It's such a rush 1980 me
Frosted lipstick parachute pants doc Martins dead
Can dance culture club the go go's pretty in pink PacMan
Asteroids Miami vice too early for Vanilla Ice
Crimpin' the poodle perm and blond highlights
You know it's alright I promise you tonight
All you gotta say is have a nice day
Got a little crush I just can't get enough of that stuff
It's such a rush 1980 me
Got a little crush I just can't get enough of that stuff
It's such a rush 1980 me
Dance baby you know you're gonna have such a good time
Welcome to 1980 me
Dance baby you know it's gonna be alright
Welcome to 1980 me
I wish that I could be eleven again that E.T was my friend
You know that life was so simple then
Times have changed never be the same
The memory remains and the melody inside my heart
You know it's alright no matter how it goes
All you gotta do is just say no
Got a little crush I just can't get enough of that stuff
It's such a rush 1980 me
Got a little crush I just can't get enough of that stuff
It's such a rush 1980 me
Dance baby you know you're gonna have such a good time
Welcome to 1980 me
Dance baby you know it's gonna be alright
Welcome to 1980 me
