Dp-6

I never thought about it before
Just close your eyes and ignore
The dark that troubles you most
Don't let it be hereAnd if you see it again
Hold your breath and pretend
That you're already dead
You'll never be aloneI will always hold your hand, I'll never let you fall
'Cause nothin', nothin' else matters at all
If you're scared, just think of me
'Cause you know I'd never let you be
Anywhere but with meForget the story you heard
Why are you worried about the dirt?
I don't think that you'll mind
When it's your time'Cause I will be there with you
And we'll figure out what to do
So that you don't get bored
You'll never be aloneI will always hold your hand, I'll never let you fall
'Cause nothin', nothin' else matters at all
If you're scared, just think of me
'Cause you know I'd never let you be
Anywhere but with meSo try to sleep with a smile
Promise, I'll wait a while
To make sure that you moved on
You won't be lostI will always hold your hand, I'll never let you fall
'Cause nothin', nothin' else matters at all
If you're scared, just think of me
'Cause you know I'd never let you be
Anywhere but with me
