

Alone In the Universe (Acoustic)

David Usher

Jamie's on the bathroom floor
She don't know why
She's shaking underneath the sink
Can't feel a thing She'd love to live a life
She's too afraid of failure
With all the voices in her head
Now, what was that?
I thought I heard you scream I know you can feel it, you're already there
Asleep underwater, just screaming for air
I know you can feel it, you're already
Don't you know we're freaks and creatures?
Wake up, I can almost see the light I think we're alone here, you and I
I think we're alone, left wondering why
I think we're alone here, you and I
I think we're alone in the universe tonight Alex on the last train home
From God knows where
A million miles away
From where he thought he'd be He's got his suit, his tie
His drink, his MTV
He's trading all his life away
You can't escape, we're all infected now I know you can feel it, you're already there
Asleep underwater, just screaming for air
I know you can feel it, you're already
Don't you know we're freaks and creatures?
Wake up, I can almost see the light I think we're alone here, you and I
I think we're alone in the universe tonight
We're all infected now I know you can feel it, you're already there
Asleep underwater, just screaming for air
I know you can feel it, you're already
Don't you know we're freaks and creatures?
Wake up, I can almost see the light I think we're alone here, you and I
I think we're alone now, left wondering why
I think we're alone here, you and I
I think we're alone in the universe tonight I think we're alone in the universe tonight
I think we're alone in the universe tonight
