Rolling Off The Stone

Lifehouse

Take your time and make your peace inside this blue ball
Glory days get washed away like chalk on a wall
You jumped in flew the coupe and learned how to crawl

Life is taking it's toe
Spinning out of control
It's the end of the road
Now you're rolling off the stone
So what you want from me

I know someone who knows somebody knows how it goes
Who you really are behind the doors when they close
It went straight to your head right up through your nose

Life is taking it's toe
Spinning out of control
It's the end of the road
Now you're rolling off the stone
So what you want from me

Yeah you're rolling off the stone

So what you want from me
Yeah what you want from me

What you want from me
What you want from me yeah
What you want from me
