

# Make This a Slow Goodbye

Seth MacFarlane

So make this a slow goodbye  
Believe for the moment  
That it's just you and I  
Tell me you miss me  
Oh whisper that lie  
But make this a slow goodbye We met on a soft July  
From then until now  
Just a girl and a guy  
Loving each other  
Oh why did it die?  
We'll make this a slow goodbye Never thought I'd fall so fast  
Just holding you in my arms  
Never dreamed this couldn't last  
But it's lost  
Like a lucky charm  
So promise me you won't cry  
The nights will be endless  
But can't we pretend?  
After such rapture  
This won't be the end  
Let's make this a good goodbye  
Goodbye  
Please  
Make this a slow goodbye
