

# A Girl Like You

[Daniel J](#)

I love her converse rip piece  
And the way she looks at me  
No one does it better I swear  
She wears her hair down makeup  
She don't even need that stuff  
Taking picture everywhere And I would fight  
I would run  
I would fly  
Into the sun 'Cause I never met a girl like you before  
You don't think you're perfect  
But you're everything I want and more  
And I'll try to make you mine  
Cross my heart and I hope to die  
I never met a girl like you before  
I never met a girl like you  
Met a girl like you before  
I never met a girl  
Met a girl like you before She wears her headphones rolling stones  
They write all her favorite songs  
Dancing around like she doesn't care  
She got a tattoo who knew  
That she's got a boyfriend too  
But he don't even know that I'm there And I would fight  
I would run  
I would fly  
Into the sun 'Cause I never met a girl like you before  
You don't think you're perfect  
But you're everything I want and more  
And I'll try to make you mine  
Cross my heart and I hope to die  
I never met a girl like you before  
I never met a girl like you  
Met a girl like you before  
I never met a girl  
Met a girl like you before But if I told you're the one  
Would you take my hand and run into the night  
Baby lets run  
Baby lets run 'Cause I never met a girl like you before  
You don't think you're perfect

But you're everything I want and more  
And I'll try to make you mine  
Cross my heart and I hope to die  
I never met a girl like you before 'Cause I never met a girl like you before  
You don't think you're perfect  
But you're everything I want and more  
And I'll try to make you mine  
Cross my heart and I hope to die  
I never met a girl like you before  
I never met a girl  
Met a girl like you before  
I never met a girl  
Met a girl like you before  
I never met a girl  
Met a girl like you before  
I never met a girl  
Met a girl like you before
