The Booze Cruise

Blackjack Billy

Old boy Goose bought a new pontoon
Roll out now, hit the lake by noon
You bring the drinks and I'll crank the tunes
Get some hot sun
Jeep full of girls couldn't get no hotter
Flag 'em down holler won't you foller
There's a party floating on the water
It's going down right now
Come on jump on

The booze cruise, summer groove
I wanna see your booty move
Looks like you need another
So let me mix you up a Redneck Margarita
You know the one just straight tequila
All aboard we're cutting loose
So come on jump on
The booze cruise

Don't need bait, no line because
We're just catchin' us a buzz
Pass around some of that good stuff
Till dawn, it's on
Joe got drunk and fell in the lake
Ray passed out but make no mistake
Any minute now he'll wake in bake
Burn it up, turn it up
Come on jump on

The booze cruise, summer groove
I wanna see your booty move
Ooh so many hotties
Who wants to do a body shot off a string bikini
We call that a hillbilly martini
All aboard we're cutting loose
So come on jump on
The booze cruise

Look at headlight Lisa with a J
