All The Rage

Aghast!

Inside you know
A heart full of hope
Inside you know
An empire of soul
To hold on for love
Hurts me, it's slow
One word's enough
One word this time
It never comes
Faith
It's all the rage

To hold on for love
Hurts me, it's slow
One word's enough
One word this time
It never comes
It never comes
Faith
It's all the rage
It's all the rage
It's all the rage
