Walking down the highway traffics coming my way  
All I see are flashing lights  
People wearing blue suits wanna know the real truth  
How many did I have tonight?  
Looking at the wreckage anyone would guess that all inside had died  
But I'm alive Wake up in a strange place angels over my head  
One of them is shouting clear  
1000 bolts of lightning bring me back to life  
And it's a miracle that I'm still here  
As I'm coming too, screaming out for you I need you by my side  
Now I'm alive No I didn't pray to god  
No I never saw the light  
No I didn't watch my life go flashing right before my eyes  
No I didn't do the things that they all said that I would do  
I just close my eyes and all I saw was you All the things in my head everything left unsaid  
I never got a second to say  
Knew that I adored you the moment that I saw you  
Just terrified you'd push me away  
Though we're dying slowly just want you to hold me what are we waiting for  
We're alive No I didn't pray to god  
No I never saw the light  
No I didn't watch my life go flashing right before my eyes  
No I didn't do the things that they all said that I would do  
I just close my eyes and all I saw was you If I don't die lying in the rain and I live another day  
Then I'd run to you  
'Cause I don't have regrets just things I never say I need you No I didn't pray to god  
No I never saw the light  
No I didn't watch my life go flashing right before my eyes  
No I didn't do the things that they all said that I would do  
I just close my eyes and all I saw was you
