

Hold It Down (Stop Sinnin')

Shamel Shiloh

Nobody knows what Iâ€™ve been thinking
Since I stopped my sinning and drinking
Lord it feels so good now
Time has passed still holding it down

My thought process has elevated to that next level
Second Timothy 2:15 man buck the devil
Get a shovel dig a grave bury old ways
Present yourself to God as one approved unashamed
This a new day Iâ€™m a shine like the sun
3 chapters in Titus only one in Philemon
I know you haters saying dag Lamont got his swag
Shamel Shiloh is spiritual no need to get mad
You see I stays fly just like a guardian angel
This aint junk food this is good like orange and mangos
life molded by pain brothers slain Iâ€™m against the grain
Life was getting grimy had to call on HIS name
Look First I lost my man, and then I crashed jeep
Then I caught a charge - for carrying the heat
Lick-a-shot one time I was always at the range
Until this preacher dude spoke the word (of God) & I changed

Nobody knows what Iâ€™ve been thinking
Since I stopped my sinning and drinking
Lord it feels so good now
Time has passed still holding it down

Hibachi! Iâ€™m a heat it up like Gil Arenas
I canâ€™t feel my face you get served like Venus
Iâ€™m a holding down yo forever and a minute
Bible college seminary Iâ€™m a bout to jump up in it
Contrast flipside to them days of cracking forties
In the Navy acting crazy strip clubbing with the shortys
Now Iâ€™ve been redeemed justified by the lamb
blood that was shed Iâ€™ve been adopted in the fam
With Abraham, Isaac, and Jacob not the jewelry
Ice frozen like coolers Jesus Christ is the ruler
Stop the snitching is code thatâ€™s running through the streets
But Iâ€™m tell ya now stop the sinning (or) feel the heat

It's a beautiful thing receiving blessings unconditional
Hardcore flows over Christian instrumentals
I'm real with this -lets get it -yo son I aint faking
A life a willful sinning has just been forsaking

Yo - it's like this homie“ let me spill for a minute - taking it to the streets “ huh I gotta take it to the streets Share
with yall catz how its going down with me “ I thought I was doing it big before “ but now “ oh my goodness “
so blessed. It's not about me tho its all about him “ let me put you on dude. This lifestyle is bangin“ “ come
are, repent and Stop sinning!

Hip Hop Don't stop nod ya head to the rhythm
Hip Hop Don't stop nod ya head to the rhythm
