Deeper Still

Killigrew

Tonight.
I will be floatin', feelin' fine and how...
I will not know 'till I get out.
Leavin' daylight far behind.
Getting lost and passin' time.
Walls are morphing, eyes are closed.
suddenly a mood disclosed.
Pure emotions overdosed...
I'm fallin' deeper still, deeper still.
Tonight.
I'm reachin' deeper still, deeper still.
I cannot hide.

I'm fallin' deeper still, deeper still.
into you, yeah.
I'm reachin' deeper still, deeper still.
for you...
'Cause I.
Will lose myself in every light.
And no, nomatter what I won't let go.
Feelin' oozy, feelin' high.
Feelin' lighter than a sigh.
stretchin' far for unity.
suddenly a mood disclosed.
I'm fallin' deeper still...
