

# For Your Sweet Love

[Rick Nelson](#)

Take a piece of chalk, draw a line around the world about a hundred times  
And that's how far that goes for your sweet love  
Count all the rain in a million years, make believe it's a million tears  
Well, that's how much I cried for your sweet love Here's everything that you're worth to me in one simple line  
I'd go to the ends of the earth to be near you all the time  
If I owned the earth with its mountains high  
The sun the moon the stars in the sky  
Well, that's how much I'd give for your sweet love Here's everything that you're worth to me in one simple line  
I'd go to the ends of the earth to be near you all the time  
If I owned the earth with its mountains high  
The sun the moon the stars in the sky  
Well, that's how much I'd give for your sweet love  
Your sweet love oh your sweet love, your sweet love
