

# Canadian Snacktime Trilogy: Vegetable Town

## Barenaked Ladies

The houses are built with leafy lettuce  
The light ports are all rubbery asparagus  
In vegetable town

The roads are paved with sauted onions  
Community hall is a hall of pumpkin  
In vegetable town

Won't you walk me down to vegetable town [Repeat: x 2]

Where we can ride the zucchini subway  
Or watch the carrot plane land on the runway  
In vegetable town  
In vegetable town

Won't you walk me down to vegetable town [Repeat: x 2]

To vegetable town  
To vegetable town  
Won't you walk me down to vegetable town
