

Monster

Gatopaint

I feel more scared than before
I don't know whats going on
From inside to outside
I changed again I'm not happy anymore
I feel how the rage takes control
From inside to outside
I changed again S , what is this?
Whats wrong with me
I'm alive more than ever
Now my line is way clever I Feel like a monster
I Feel like a monster
Someone help me get
This out of my head 'Cause I'm a monster.
And it'll never be the same
'Cause I'm YOUR monster
I'm YOUR monster I got a unseen scar
now the pain goes easily to its way
from inside to outside
I changed again Now I'm petrified, now that
I can't fight against it
from inside to outside
I started to hate again So, what is this?
What happened to me?
I feel alive more than ever
Now my line is way clever I Feel like a monster
I Feel like a monster
Someone help me get
this out of my head 'Cause I'm a monster
And it'll never be the same
'Cause I'm YOUR monster
'Cause I'm YOUR monster
