

No pain, No game

nano

Saihate no story daite
Ate mo naku samayoitsuzuketa
Nijinda new world

The game has only just begun
Ima hajimari no eyes
This is where tomorrow brings a new game
It's time to learn that pain is gain ready fighto

Kako no shitsubo nuritsubusu tame ni
Gisei ni shite kita mirai
Boku no raifu ga tsukiru made
Sono sadame buchikowashite iku no sa
Aa break out and start a revolution
Hitotsu no kotae wo sagashite

Genkai no race ni idonde
Ichidokiri no chansu to shitte
Seotta unmei koete iku ndayo
Saihate no story daite
Ate mo naku samayoitsuzuketa
Nijinda new world
The game has only just begun
Ima hajimari no eyes

When you feel you've reached the last dead end
What will you do to save yourself from fate?
Would you take a knife into your hearto
Or would you rather break the falling and take defeato?
Aa step out and find your evolution
Hitori no sekai o utsushite

Eien no chase ni idonde
Ichidokiri no sutato wo kitte
Kurutta tenmei koete iku ndayo
Karehateta Image daite
Wake mo naku tatakaitsuzuketa
Kasunda true world

The game has only just begun

Ima hajimari no days
Genjitsu to fake no hazama de
Ichido dake risetto yurushite
Sukui wa kitto kokoro no naka ni
Saihate no story daite
Ate mo naku samayoitsuzuketa
Nijinda new world
The game has only just begun
Ima hajimari no eyes
