When I Get There

Arbour Season

Smokey Mountain side
Rain clouds on the rise
Lovers passing by.
Doo doo doo doo

Running from the sea
Don't you dare follow me
It's a natural thing
But don't follow me.

Now I'm chasing the sunset
Letting it tell me/you where to go
And I know when I get there
I'll find my home
Yes, I know when I get there
I'll find my home

Open land rushing by
I guess it's ok here at night
One more sun rise away
Ohhhhh

Now I'm chasing the sunset
And letting it tell me/you where to go
And I'll know when I get there
I'll find my home

Yes I know when I'll get there
I'll find my home
Ohhhh...
Ohhhh...
Ohhhh...
Ohhhh...
Ohhhh...
Ohhhh...

Dusky evening sky
Lonesome star as my guide
