

We Are On Time

Nahko and Medicine for the People

i'm not not going anywhere,babe
this is your home,it's a safe place
we are electric,summer storms
on the this waters where sail is torn

i won't fight you,there's no need
such protections,they make us weak
every compass needs a north star
take this recklessness,but keep this wild hearts

i am on your side,i am on your side

pull your checkers,push my buttons
and for reasons,god we are so stubborn
it this patience,showing grace
when to be close and when to get off space

oh,babe you ground me,lighting rods
come find shelter in this arms
sometimes i'm broken,sometimes i'm mended
on the road,i could cope to get up and do it all over again

i am on your side,i am on your side
i am on your side,i am not drawing any line
only one what is right,what is best for life

so meet me in the streets in the dark in your barefeet
meet me in a place like your heart drop a fivebeat
wind begins to blow,it's a sweet validation
nature has her signs and a clear affirmation

we are on time,we are on time,ohh

come on turn the lights down,give a little,get a little
come on let your guard down ,give a little,get a little
come on turn the lights down,give a little,get a little
come on let your guard down ,give a little,get a little

we are on time,we are on time,ohh

we are on time,i am on your side
we are on time,i am on your side
we are on time

so meet me in the streets in the dark in your barefeet
meet me in a place like your heart drop a fivebeat
nature has her signs and a clear affirmation

we are on time,i am on you side
we are on time
