

You Blame Yourself

[Chantal Kreviazuk](#)

I don't know why the winter's so long
It wears me out
It goes on and on
Yah I don't know why the winter's so long
It seems never ending
It goes on and on I know you blame yourself but don't I don't know why this town is so small
It makes me mad
I've seen it all
Yah I don't know why this town is so small
There's nobody left here
Everyone's gone I know you blame yourself but don't
