The Big Bad Wolf

I See Stars

Stop and save your voice girl
You're the only one that has control, so chooseI don't know what to say to you
The answer's out there,
I'm just putting this out there
That it's your turn here pretending you careI understand the way you move and the things you do
If you could just tell the truth maybe I could be with youStop and save your voice girl
You're the only one that has control, so choose
We are the movies, snap fingers and we're on a floating carpet
Scoot through the scenes, we are invisible for nowI'm the big bad wolf
See the pigs, they run in horror
Don't build your house out of grass
Or I'll blow you awayStop and save your voice girl
You're the only one that has control, so chooseI'm not gonna let you get to my head
Can you please stop listening?
I have just stopped listeningI understand the way you move and the things you do
If you could just tell the truth maybe I could be with youOnly in the movies can you see the creatures in front of us
There's no stopping them, there's no stopping themStop and save your voice girl
You're the only one that has control, so choose
We are the movies, snap fingers and we're on a floating carpet
Scoot through the scenes, we are invisible for nowCut the tall treesWhats havocs come to route
You can't blow down my house
I've seen your future
And its not to bright
