

# Videotheque

## Dollar

When the VJ shoots the beam  
I take my partner from the screen  
And hold her close I hold her close  
One more chance to make it right

Holding hands in black and white I'll meet you there, I'll meet you there

Leave my mind back in my room  
Maybe I will blow it soon and fall in love  
At the videotheque (the videotheque)  
We can dance forever  
At the videotheque (the videotheque)  
We control it all

At the videotheque (the videotheque) Ghosts are only lovers on the screen

Only pictures on the wall  
They don't mean a thing at all  
And I don't care  
When the visions start to form  
The same illusion takes us all  
And you are there you are there

Slowly senses leaving me Once the two are in 3D we play the game

At the videotheque (the videotheque)  
We can dance forever  
At the videotheque (the videotheque)  
We can fall in love  
At the videotheque (the videotheque)
