

# '59

## Brian Setzer

Well I was born back in '59  
I didn't come late, I was right on time  
We had a '59 Ford, that never ran quite right  
We'd catch a drive in movie every Saturday night  
Well times were hard for the working man  
Daddy tried to understand Everything I love is from '59  
My first guitar and that girl of mine  
Everything I want is from '59  
I guess I'm behind the times  
'Cause everything I love's from '59 Oh well the Prince said, "Hey Grace Kelly, would you be my wife?"  
And Bobby Darin sang 'Mack The Knife'  
Well they took Eddie Cochran, what could we do?  
Once he was gone we knew that rock and roll was through  
We had Technicolor at the scene of the crime  
Coupe Devilles rolling off of the line Everything I love is from '59  
My first guitar and that girl of mine  
Everything I want is from '59  
I guess I'm behind the times  
'Cause everything I love's from '59, '59 Everything I love  
Everything I love  
Everything I love  
Everything I wonder where as time rolls on  
All that style from 1959 has gone  
But I've got memories in the back of my mind  
What it was like to be alive in '59  
We had Technicolor at the scene of the crime  
Coupe Devilles rolling off of the line Everything I love is from '59  
My first guitar and that girl of mine  
Everything I want is from '59  
I guess I'm behind the times Everything I love is from '59  
My first guitar and that girl of mine  
Everything I want is from '59  
I guess I'm behind the times  
'Cause everything I love, everything I love  
Everything I love's from '59 '59, '59, '59, '59
