Type Slowly

Pavement

Sherri, you smell different
Get up early in the bed
For you morning comes so easySpells have been cast
And the urge has been lost
Snipers posted bills as they should
Of our midnight vacationBack on the planet now
I'm beginning to see just how
Passion on your dreams
And they'll come true
Type slowlyOne of us is a cigar stand
And one of us is
A lovely blue incandescent guillotineThe edge of creation is
Blurred and blushed
Not haa haa haa harder lot of rooms to grow
Inside this leather terrariumPeople of the bay
It is excruciatingly grey, hey, yea
Face the front
When he comes for you
Type slowlyCherish your memorized weakness
Fashioned from a manifesto
Lady, I am no futurist, I'm only a criticTrolls in the glen are consorting again
The liberals say they don't exist
But I know that they doReinforce your literal aaa, aaa, ass
Hit it on the first or second pass
Frozen images respected few
Type slowly
